Liquid Leather can be used on all kind of leather except suede, nubuck and certain aniline finishes. Test in an inconspicuous area prior to treating entire panel.

HOW TO USE:

Apply to a clean, damp cloth or applicator. Avoid spraying directly onto surface. Using a circular motion, massage and apply the product to leather or vinyl until the surface is fully covered. Buff off excess with a clean dry microfiber towel. Repeat as necessary.

NOTE: If the leather is very soiled, make sure to pre-clean the surface with 3D's Leather, Vinyl & Plastic Cleaner or 3D's All Purpose Cleaner diluted 1:10 parts water.
